

**Data mentioned in footnote 4 of Pitt, Dilley, Tat (submitted)**

Replication of Experiment 2 using a task in which participants typed the utterance heard over headphones instead of categorizing it as a word or nonword.

		Phonological context			
		Favors [.]	Favors [t]	Favors [r]	Favors [ʔ]
Surface realization (%)	[.]	88	3	5	9
	[t]	100	100	99	94
	[r]	53	86	98	27
	[ʔ]	68	27	74	96
